Why Liquid Vitamins?

Liquid vitamins are a handy and simple solution that, thanks to their proven effectiveness, bring quick results. At NorVita, we specialize in Sprays, Gels & Single-Serve Formats and can customize the best liquid solution for you. We don't push ready-made formulas... we build products around your brand.

HIGHLY BIOAVAILABLE

Our liquid formats are designed for enhanced bioavailability and faster nutrient uptake compared to traditional solid forms. Each formulation is skillfully developed to deliver ultra-high concentrations while maintaining a pleasant taste, ensuring both performance and consumer compliance.

CLINICALLY PROVEN

Every product we develop is grounded in established clinical research. Our R&D team carefully selects evidence-based ingredients and combines them into optimized formulations — translating scientific data into commercially viable, high-impact products your customers can trust.

HIGH VALUE

Our compact, concentrated liquid formats maximize shelf efficiency and reduce logistics costs while delivering more value per dose. With up to 2x larger effective doses, approximately 2x lower cost per dose, and significantly less packaging per serving, our solutions offer both economic and environmental advantages for modern brands.

"The product quality stands out immediately, and the process of bringing the range to market was smooth and efficient. NorVita is a partner that's genuinely easy to work with."

Customization & R&D

At NorVita, we specialize exclusively in liquid dosage forms – oral sprays, gels, and liposomal solutions. Our expertise lies in making supplements that are better absorbed, easier to use, and scientifically validated. By focusing only on liquids, we ensure the highest quality and efficiency in every product we develop.

With NorVita, you are not limited, and every partner has the opportunity to launch a unique, science-based product under their own brand – created with our know-how, technology and commitment to quality.

We offer full customization options:

- flavour adjustments,
- active ingredient levels,
- unique combinations tailored to your market.

Simple 4 step R&D process

1

Concept & Quotation – defining your idea and preparing cost overview.

2

Prototype Development – first formula and test samples.

3

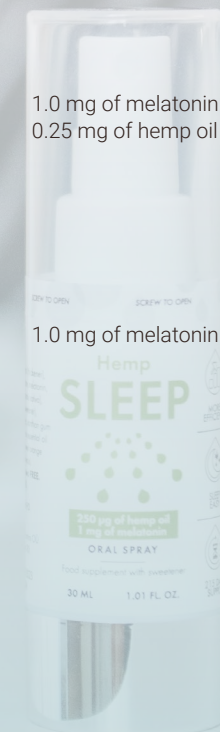

Taste & Efficacy Testing – product optimization and feedback rounds.

4

Finalization – regulatory compliance, production and delivery.

Custom Liquid & Gel Supplement Concepts

We don't just offer a catalog — we help brands create **custom liquid and gel food supplement** concepts tailored to their audience, positioning, and commercial goals.

Below is a selection of concepts we've developed for clients. **This is not a full list, but a strong overview of what is possible.**

Performance / Energy / Focus

Energy Gel

Format: 10ml sachet

Fast-acting performance gel concept designed for sports, endurance, and energy support.

Energy Spray

Format: 15–30ml oral spray

A high-concentration liquid alternative to energy drinks, designed for convenient daily use.

Electrolyte Mist / Spray

Format: Oral spray

Hydration-focused concept with rapid absorption positioning for active lifestyles.

Energy & Focus Spray

Format: 30ml glass spray

A nootropic-style concept with adaptogenic and focus-support positioning.

Anti-Stress / Sleep / Mental Wellness

Anti-Stress Gel

Format: Liquid gel sticks / bottle

A calming daily support concept, developed with Magnesium and B vitamins.

Reishi Stress Spray

Format: Oral spray

A mushroom-based relaxation concept with stress and mood balance positioning.

Morning / Evening Liquid

Format: Liquid bottles / sticks

A day & night functional pairing concept for energy, focus, and evening recovery.

Specialty Liquids / Oils

Krill Oil + Omega Drops

Format: 30ml / 50ml pipette bottle

A premium omega concept with high-value positioning.

Astaxanthin Liquid Drops

Format: 30ml pipette / spray / drops

An antioxidant-focused concept positioned for beauty, recovery, and performance.

MCT Oil Tincture

Format: Liquid drops

A functional oil concept with keto, energy, and lifestyle positioning.

Oregano Oil Drops

Format: 30ml pipette / drops

A botanical liquid concept developed for natural immunity support.

Targeted / Niche Health

Iron Liquid for Kids (Vegan)

Format: 50ml liquid

A gentle liquid iron concept developed with easy daily use and absorption in mind.

Iodine Drops

Format: Liquid drops

A simple and effective liquid concept for thyroid support positioning.

Folic Acid Liquid

Format: 20ml drops

A targeted concept designed for women's health and pregnancy support markets.

Anti-Care Specialized Formula

Format: Liquid formulation

A custom niche concept developed for targeted functional support.

Advanced / Functional Systems

Gut Health Shots

Format: Functional shots

Digestive wellness concept developed for gut health and microbiome-focused brands.

Plant-Based Energy Shots

Format: Liquid shots

A clean-label concept featuring natural energy positioning.

Weight Management Shot

Format: Functional shot

A targeted liquid concept designed for metabolism and weight management categories.

Superfood Micronutrient Concentrate

Format: Liquid concentrate

A dense nutritional concept positioned as a high-value daily micronutrient solution.

Other Custom Concepts

Flavour Drops

Format: Liquid drops

A flavor-enhancing concept combining functional use with lifestyle appeal.

Mullein Leaf Extract Drops

Format: Liquid drops

A botanical concept developed for respiratory support.

Cistus Throat Spray

Format: Oral spray

A herbal spray concept positioned for throat comfort and daily wellness.

If you have a product idea — even if it's only a rough concept — we can help turn it into a **market-ready liquid or gel supplement**.

From concept development and formulation to format selection and production, we help brands create products that are commercially relevant and ready to launch.

Have an idea? Let's build it together.

Our Promise

From idea to finished product – science, flexibility, and Nordic reliability.

"With NorVita, you are not limited and every partner has the opportunity to launch a unique, science-based product under their own brand – created with our know-how, technology and commitment to quality."

"We are an EU-Based Manufacturing Partner for Sprays, Gels & Single-Serve Formats We don't push ready-made formulas... we build products around your brand."

Let's develop your next market-winning innovation, together.

With one of our German partners, their Collagen Stick has secured a TOP 2 bestseller position in Germany, proving the commercial strength of convenient, ready-to-use liquid formats.

Our best-performing categories across multiple markets are Melatonin sprays and Collagen gel and stick formats.
